

# ROTARY SCISSORS

## Dual Blade Rotate

### SUPER CALMAR Pro

#### Safety Mechanism

**Backspin & Low Speed Gear System**

Double Blade, and backspin, so you can cut with low speed.

If Engine speed is 10,000rpm,,,

Become 3,000rpm slow down.

At this point, become 500rpm.

$\frac{1}{20}$  減速

You can touch with ground!!  
Its so easy work, you will.
